

ASSISTED LIVING ESTABLISHMENT BASED IN RANDBURG

A home away from home... We are a private care facility for the elderly.
This is a small home like setting where your loved one will feel comfortable and cared for.
We are a small facility that caters for each individual's needs.

Having a place to call HOME provides one with a sense of security and comfort. Sadly, many people lack the capability to manage independently in a home of their own. Living with one's family is not always possible and finding suitable accommodation can be stressful.

Suitable homely accommodation and proper care is hard to find, especially in South Africa. We have experienced this as a family ourselves. This has inspired us to start House Grace a short term or permanent residence for the elderly. We want them to feel comfortable, peaceful and that their lives matter.

Why Us

- ✓ Care givers that assist residents with medication administration and general Assistance.
- ✓ Food service personnel, who prepare and serve nutritional meals to residents.
- ✓ Activities coordinators, who organize recreational activities and spiritual programs for residents;
- ✓ Maintenance personnel for upkeep of the facilities.
- ✓ 24 Hour security and CCTV
- ✓ Permanent and long-term accommodation establishment.
